JUNE 3-4, 2011
FRIDAY-SATURDAY

The Madison Concourse Hotel
Madison, Wisconsin

Sponsored by
University of Wisconsin
School of Medicine and Public Health
Department of Surgery
Office of Continuing Professional Development in Medicine and Public Health

2ND ANNUAL
Current Topics in General Surgery

www.surgery.wisc.edu/gscme
About the Conference/Course Highlights
Presented by the University of Wisconsin School of Medicine and Public Health, Department of Surgery, and Office of Continuing Professional Development in Medicine and Public Health, the goal of this two-day educational activity is to examine the latest developments and current techniques in general surgery as they relate to a variety of featured topics including trauma and critical care, surgical oncology, general surgery, breast and minimally invasive surgery and surgical outcomes. Using a disease oriented approach along with panel discussions, debate and case review, the program will cover a broad spectrum of disease states. A special feature of this activity is a live surgery broadcast from the UW operating room to the general session at The Madison Concourse Hotel.

General surgeons in the state and region will learn novel techniques including advances in diagnosis and treatment of surgical diseases to manage those problems faced in daily practice.

Interaction with faculty is encouraged through question and answer opportunities during the program.

Intended Audience and Scope of Practice
This educational activity has been designed to meet the needs of general surgeons and other health care professionals who care for patients with diseases involving trauma and critical care, surgical oncology, general surgery, breast and pediatric surgery.

Elements of Competence
This CME activity has been designed to change learner competence and focuses on the American Board of Medical Specialties areas of medical knowledge and patient care.
Learning Objectives

At the conclusion of this educational activity, participants should be able to:

• Evaluate and treat inguinal hernias and their postoperative complications
• Compare surgical options for hernia repair
• Discuss new techniques and laparoscopic applications in general surgery
• Debate current techniques and the future of advanced therapeutic endoscopy such as NOTES
• Advance understanding and facilitate participation in outcomes measures and quality improvement databases
• Review options for treating pediatric hernias
• Assess medical and surgical options for managing blunt solid organ injury
• Integrate new approaches to the acutely ill patient into daily practice
• Accurately assess and treat abdominal sepsis, dehiscence and fistulas
• Diagnose and treat patients with breast and endocrine disease
• Recognize the multidisciplinary treatment options for breast diseases
• Summarize the options available during the difficult cholecystectomy
• Describe how to complete a thorough preoperative evaluation of the jaundiced patient
• Discuss the use of collagen plugs in anal fistula disease
• Establish a contact network to facilitate the care of patients with complex surgical problems

Credit

Accreditation Statement
The University of Wisconsin School of Medicine and Public Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement
The University of Wisconsin School of Medicine and Public Health designates this live activity for a maximum of 14 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Education Units
The University of Wisconsin-Madison, as a member of the University Continuing Education Association (UCEA), authorizes this activity for 1.4 continuing education units (CEUs) or 14 hours.

Policy on Faculty and Sponsor Disclosure
It is the policy of the University of Wisconsin School of Medicine and Public Health that the faculty, authors, planners, and other persons who may influence content of this CME activity disclose all relevant financial relationships with commercial interests in order to allow CME staff to identify and resolve any potential conflicts of interest. Faculty must also disclose any planned discussion of unlabeled/unapproved uses of drugs or devices during their presentation(s). Detailed disclosures will be made in the activity handout materials.
Visiting Faculty

James W. Fleshman, Jr., MD
Professor of Surgery
Chief, Section of Colon and Rectal Surgery
Division of General Surgery
Washington University School of Medicine and Barnes-Jewish Hospital
Chief, Surgical Services at Barnes Jewish West County Hospital

Dr. Fleshman earned his medical degree from Washington University School of Medicine in 1980. He continued his medical training with a surgical residency at The Jewish Hospital of St. Louis and a colon and rectal surgical fellowship at the University of Toronto.

Dr. Fleshman’s speciality areas include colon and rectal cancer, laparoscopic surgery, rectovaginal fistula, rectal prolapse, pelvic floor disorders, inflammatory bowel disease, Crohn’s disease, ulcerative colitis, artificial bowel sphincter, and perineal proctectomy.

Jeffrey M. Marks, MD, FACS
Associate Professor of Surgery
Department of Surgery
Case Western Reserve University School of Medicine

Dr. Marks received his medical degree from Tufts University in 1987. He completed his surgical residency at Mount Sinai Medical Center in Cleveland in 1992, followed by a fellowship in advanced laparoscopy and endoscopy. He joined the faculty of the Department of Surgery at Mount Sinai where he served as the associate director of the Surgical Endoscopy Fellowship as well as the on-site director of the third-year medical student program. After working in private practice for six years, Dr. Marks joined the faculty in the Department of Surgery at University Hospitals Case Medical Center in 2005. In addition to a clinical practice in minimally invasive surgery and advanced therapeutic endoscopy, Dr. Marks runs an active animal lab researching numerous endoscopic techniques and providing endoscopic training courses for surgeons, gastroenterologists, and allied health care professionals.

Aurora Pryor, MD
Associate Professor of Surgery
Division of General Surgery
Chief, General Surgery, Durham Regional Hospital
Co-Director, Duke Metabolic and Weight Loss Surgery Program
Duke University

Dr. Pryor received her medical degree from Duke University in 1995. While completing her residency training at Duke, Dr. Pryor dedicated one year to fellowship training in laparoscopic surgery. She is currently Associate Professor of Surgery at Duke University and Chief of General Surgery at Durham Regional Hospital as well as Co-Director of the Duke Metabolic and Weight Loss Surgery Program. Her clinical interests include advanced laparoscopic and bariatric surgery as well as endoscopic and novel therapies for GI disease.
Dr. Donald Trunkey is Professor Emeritus and prior Chairman of Surgery at Oregon Health & Science University. He earned his medical degree from the University of Washington in 1963 and completed his residency at the University of California Hospitals. Dr. Trunkey completed an NIH fellowship at the University of Texas Southwestern. He is a former president of the American Surgical Association and International Society of Surgery as well as recipient of the American College of Surgeons Distinguished Service Award. Dr. Trunkey now focuses his practice on general surgery critical care and trauma. He has spoken broadly across the world on health care issues and he was one of the first surgeons to incorporate evidence-based practice in support of trauma systems.

Dr. Wilson is Professor in the Department of Surgery at the Medical College of Wisconsin (MCW) and is an internationally known expert in the fields of oncologic and endocrine surgery. He graduated from the University of Illinois College of Medicine in 1960. He completed his surgical training in the Marquette University Integrated Residency and the Milwaukee County General Surgery Training Program in 1966. Dr. Wilson joined the faculty of the Medical College of Wisconsin and became a Professor of Surgery in 1979. He has been president of the Wisconsin Surgical Society, and most notably, in 1991 he was president of the American Association of Endocrine Surgeons. He has also served two terms as Governor at Large (Wisconsin) of the American College of Surgeons. Dr. Wilson has made many seminal contributions to the published literature on diseases of the pancreas, extrahepatic bile ducts and endocrine system. He has trained many surgeons throughout Wisconsin and the Midwest and his skills as a surgical educator are frequently the subject of surgical lore by graduates of the MCW training program.
University of Wisconsin Faculty

Catherine Beckman, MD, Professor of Surgery
Mark Burkard, MD, PhD, Assistant Professor of Medicine
Guilherme Campos, MD, PhD, Associate Professor of Surgery
George Cannon, MD, Assistant Professor of Human Oncology
Herbert Chen, MD, Professor of Surgery
Clifford Cho, MD, Assistant Professor of Surgery
Jon Gould, MD, Associate Professor of Surgery
Caprice Greenberg, MD, MPH, Assistant Professor of Surgery
Jacob Greenberg, MD, Assistant Professor of Surgery
Charles Heise, MD, Associate Professor of Surgery
Louis Hinshaw, MD, Associate Professor of Radiology
Gregory Kennedy, MD, PhD, Assistant Professor of Surgery
K. Craig Kent, MD, Chairman and Professor of Surgery
Timothy King, MD, PhD, Assistant Professor of Surgery
Sam Lubner, MD, Assistant Professor of Medicine
Jon Matsumura, MD, Professor of Surgery
Heather Neuman, MD, MS, Assistant Professor of Surgery
Ann O’Rourke, MD, MPH, Assistant Professor of Surgery
Samuel Poore, MD, PhD, Assistant Professor of Surgery
MaryClare Sarff, MD, Assistant Professor of Surgery
Michael Schurr, MD, Professor of Surgery
Rebecca Sippel, MD, Assistant Professor of Surgery
Michael Tirabassi, MD, Assistant Professor of Surgery
Sharon Weber, MD, Professor of Surgery
Lee Wilke, MD, Associate Professor of Surgery
Emily Winslow, MD, Assistant Professor of Surgery

Course Co-Directors

Gregory Kennedy, MD, PhD, Assistant Professor of Surgery
Jon Matsumura, MD, Professor of Surgery
Lee Wilke, MD, Associate Professor of Surgery
Emily Winslow, MD, Assistant Professor of Surgery
General Information

Dates: June 3-4, 2011
Place: The Madison Concourse Hotel
       1 West Dayton Street
       Madison, WI 53703
Phone: (608) 257-6000 or Toll Free (800) 356-8293
FAX: (608) 257-5280

Conference Fee
The conference fees are $350 for physicians and $150 for others. This fee includes the cost of tuition, materials, continental breakfasts, breaks, lunches, and a nonrefundable registration fee of $50. If you cancel your registration up to 72 hours prior to the conference, you will be refunded the entire conference fee except the $50 nonrefundable portion of the fee. No refunds will be made after that time.

Housing
A block of rooms has been reserved at the conference site, The Madison Concourse Hotel. Please call or visit the hotel online to arrange your accommodation. Please reference group code 123087 when making your reservation to receive the special room rate of $124 (single or double), plus tax. The rooms will be released to the general public on May 8, 2011.

Four Easy Ways to Register
By Mail: Return your completed registration form and payment to address listed on the registration form.
By Phone: (608) 262-1397. Call and provide your billing information or pay by VISA, MasterCard or American Express.
By FAX: (800) 741-7416 (in Madison 265-3163)
Online: https://secure.uwex.edu/semtek/register/reg_session_info.cfm?sessionid=W11A8653004003&groupid=AME

Confirmations
All registrations are confirmed in writing. If you do not receive a confirmation, call (608) 262-1397.

Conference Attire
Appropriate conference attire is business casual. To ensure your comfort in the conference room, please bring a sweater or jacket to accommodate temperature variations.

Agenda
FRIDAY, JUNE 3, 2011

AM
6:30  Continental Breakfast & Exhibits
7:30  Welcome & Introduction – K. Craig Kent, MD

COLORECTAL
7:40  Surgical Intervention for Complicated Diverticulitis – Charles Heise, MD
7:55  Laparoscopic Resection of Rectal Cancer: Current Results – James Fleshman, MD
8:10  Follow-up After Colon Cancer Surgery: What are the Basics? – Sam Lubner, MD
8:25  The Multidisciplinary Approach to Rectal Cancer – Gregory Kennedy, MD, PhD
8:40  Cryptoglandular Disease and the Role for Biologic Plugs – James Fleshman, MD
8:55  Colorectal Panel & Case Presentation
9:25  Break & Exhibits

HERNIA
10:05 Pediatric Hernia Surgery and Common Pediatric Problems – Michael Tirabassi, MD
10:20 Healing the Nonhealing Wound: A Clinical Algorithm – Timothy King, MD, PhD
10:35 Component Separation: Approach to the Complicated Ventral Hernia – Jon Gould, MD
11:05 Hernia Panel & Case Presentation
11:35  Impact of Healthcare Reform on Surgery – Donald Trunkey, MD

PM
12:00  Lunch & Exhibits

BREAST SURGERY
1:00  Importance of Surgical Outcomes and Databases – Caprice Greenberg, MD, MPH
1:15  Margins: How Much Should We Take? – Lee Wilke, MD
1:30  Breast MRI: The Pros and Cons – Catherine Beckman, MD
1:45  Sentinel Node Micrometastases – Heather Neuman, MD, MS
2:00  Breast Reconstruction: Flaps and Implants – Samuel Poore, MD, PhD
2:15  Breast Panel & Case Presentation
Mark Burkard, MD, PhD – Medical Oncologist panelist
George Cannon, MD – Radiation Oncologist panelist
2:50 – 4:15 Live Case Presentation

5:00 – 6:00 Social Hour

SATURDAY, JUNE 4, 2011

AM
6:30 Continental Breakfast & Exhibits

ADVANCED LAPAROSCOPY

7:00 Mastering Laparoscopic Challenges in the Obese Patient – Guilherme Campos, MD, PhD
7:15 Long-term Surgical Management of the Gastric Bypass Patient – Aurora Pryor, MD
7:30 Past, Present, and Future Applications of Flexible Endoscopy for Surgeons – Jeffrey Marks, MD
7:45 Surgical Education and Training in Laparoscopy - Jacob Greenberg, MD
8:00 Novel Technologies: Endoluminal, SILS, NOTES – Aurora Pryor, MD
8:15 Laparoscopy Panel & Case Presentation
8:45 Break & Exhibits

ENDOCRINE

9:10 Thyroid Lesions and the Role of Fine Needle Aspiration (FNA) – Rebecca Sippel, MD
9:25 Use of Intraoperative PTH Testing: Is Your Patient a Candidate for MIP? – Herbert Chen, MD
9:40 Multiple Endocrine Neoplasia MEN-1: Natural History and Clinical Management – Stuart Wilson, MD
9:55 Endocrine Panel & Case Presentation

10:20 Assassinations: The Medical and Surgical Care of Our Four Assassinated Presidents – Donald Trunkey, MD

11:00 Lunch & Exhibitors

PM

HEPATOBILIARY

12:00 Surgical Advances in the Management of Pancreatic Cancer – Sharon Weber, MD
12:15 Cholangiograms You Never Want to See – Emily Winslow, MD
12:30 An Algorithm for the Evaluation of the Jaundiced Patient – Clifford Cho, MD
12:45 Managing Incidental Findings on Abdominal CT – Louis Hinshaw, MD
1:00 HPB Panel & Case Presentation
TRAUMA & ACUTE CARE SURGERY

1:30  The Acute Care Surgery Model – MaryClare Sarff, MD
1:45  Is the Laparoscopic Approach to Perforated Peptic Ulcer the Standard of Care? – Jeffrey Marks, MD
2:00  The Myth of Nonoperative Management of Liver Injuries – Donald Trunkey, MD
2:15  Trauma & Acute Care Panel & Case Presentation
2:35  Closing Remarks – K. Craig Kent, MD

Adjourn
Registration Form
#4003; ame-surg
2nd Annual Current Topics in General Surgery • June 3-4, 2011

Please complete Steps 1-4 below in BLOCK letters.

Step 1. Participant Information
Name ____________________________________________

FIRST	 MI	 LAST
Professional Degree (for name tag):
☐ MD  ☐ DO  ☐ PA  ☐ NP  ☐ Other, please specify ________________________________
Company Name ________________________________________
Work Address ____________________________________________
City, State, Zip __________________________________________
Phone __________________________________________
(Where you can be reached from 9:00 am - 5:00 pm)
FAX ________________________________________________
E-mail Address __________________________________________
Special Needs? ________________________________________
☐ Vegetarian Meal

Step 2. Confirmation
☐ Work Address (as provided in Step 1) ~or~
☐ Home Address – please complete the following:
Home Address ____________________________________________
City, State, Zip ____________________________________________

Step 3. Registration Fee (check one)
Conference Fees: ☐ $350 MD, DO  ☐ $150 PA, NP, Others
☐ PO or check enclosed (payable to University of Wisconsin)
☐ Credit Card:  ☐ MasterCard  ☐ VISA  ☐ American Express
Cardholder’s Name ________________________________________
Card Number ____________________________________________
Expiration Date __________________________________________

Step 4. Send Your Registration Form to:
CME Specialist, Department 101, 702 Langdon Street, Madison, WI 53706
or FAX (800) 741-7416 (in Madison FAX 265-3163).

The University of Wisconsin provides equal opportunities in employment and programming, including Title IX requirement.
The University of Wisconsin School of Medicine and Public Health fully complies with the legal requirements of the ADA and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please notify Terese Bailey in order to receive service. Please call (608) 240-2141.
