

Becky Sippel, M.D.	American College of Surgeons	Oct 2001, New Orleans, LA
Activation of the Ras/Raf-1 Signal transduction Pathway Inhibits Growth of Gastrointestinal Carcinoid Tumor Cells.		
Cliff Cho, M.D.	American College of Surgeons	October 2001, New Orleans, LA
Upregulated expression of the signaling protein LAT: a potential mediator of activation-induced cell death in T lymphocytes.		
Andrew Wright, M.D.	Radiological Society of North America	Nov 2001, Chicago, IL
Comparison of Microwave and Radiofrequency Ablation of Hepatic Tissue in a Porcine in Vivo Model		
Becky Sippel, M.D.	Association of Academic Surgery	Nov 2001, Milwaukee, WI
Reduction of Serotonin Secretion by Carcinoid Tumor Cells after Raf-1 Induction		
Andrew Wright, M.D.	Radiological Society of North America	Nov 2001, Chicago, IL
A Device That Allows for Multiple Simultaneous Radiofrequency Ablations in Separated Areas of the Liver: A Feasibility Study in the Porcine Model		
Peter Nichol, M.D.	Southern Surgical Association	Dec 2001, Hot Springs, VA
Long-term Follow-up of Patients with Tertiary Hyperparathyroidism Treated by Resection of a Single or Double Adenoma.		
Andrew Wright, M.D.	Society of Surgical Oncology	March 2002, Denver, CO
Microwave ablation of hepatic tissue: simultaneous use of multiple probes results in large areas of tissue necrosis.		
Becky Sippel, M.D.	Society of Surgical Oncology	March 2002, Denver, CO
Palliative Thyroidectomy For Malignant Lymphoma Of The Thyroid: A Multi-Institutional Experience		
Greg Kennedy, M.D.	Society of Surgical Oncology	March 2002, Denver, CO
Inhibition of apoptosis by Epstein-Barr Nuclear Antigen-1.		
Becky Sippel, M.D.	American Association of Endocrine Surgeons	April 2002, Calgary, Canada
Activation of the RAS/RAF-1 Signal transduction pathway in carcinoid tumor cells results in morphologic differentiation.		
Becky Sippel, M.D.	Society for Surgical of the Alimentary Tract	May 2002, San Francisco, CA
Gastrointestinal Carcinoid Tumors: Biology is Dependent upon Origin.		
Andrew Wright, M.D.	Society for Surgical of the Alimentary Tract	May 2002, San Francisco, CA
Optimization of a Novel Microwave Tumor Ablation System in an In Vivo Porcine Liver Model.		
Becky Sippel, M.D.	American College of Surgeons	October 2002, San Francisco, CA
Can Thallium-Pertheneate Subtraction Scanning Play a Role in the Preoperative Imaging for Minimally Invasive Parathyroidectomy?
