# Why Choose a Career with the University of Wisconsin School of Medicine and Public Health?

The Department of Surgery at the University of Wisconsin School of Medicine and Public Health is looking for exceptional individuals who want to make a difference in the ever-changing and improving world of medicine.

## The Professionals

- Join world-class researchers including PhDs and MDs.
- Work with experienced clinical research coordinators. Collaborate with certified researchers with many years of experience.

## The Research

- Conduct research in a variety of specialties, including Cardiothoracic, Plastics, General Surgery, Orthopedics & Rehabilitation, Otolaryngology, Transplant, and Urology, among others.
- Assist investigators in research for industry grants, NIH and NCI grants, and investigator-initiated studies.
- Areas of research excellence include organ preservation, immunosuppressive therapies, surgical oncology, voice, endocrine, urologic cancer and urinary tract infection, vascular disease, and novel treatments for diabetes. Additionally, faculty members study innovative surgical instrumentation, techniques, and products for burns, surgical nutrition, and postoperative wound care.
- Maintain patient contact. Our study coordinators collect data in patient care units, outpatient clinics, in the OR, in the cath lab, pulmonary function, and vascular lab.

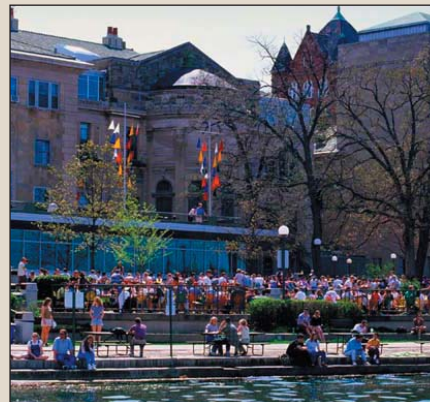

- Perform cutting-edge research and innovative treatment. Research may begin with bench research and move into patient translational treatment. Be part of a medical team who will contribute to future discoveries to better the lives of patients.

## The Training

- Continued education. The UW encourages an environment of higher learning and supports new ideas and techniques. Frequent programs are available “in house,” including presentations by the principal investigators.

## The City

- Experience Madison! Ranked the “53rd Best Place to Live in America” by Money Magazine in 2006, Madison is home to the University of Wisconsin Badgers, the State Capitol, and an eclectic atmosphere that energizes any resident. Five area lakes and more than 200 parks provide countless recreational activities, from swimming, sailing, and fishing to biking, hiking, inline skating, and more. A great place to raise a family, Madison Public Schools were ranked #8 in the nation by Expansion Management Magazine in 2006. Madison offers both small town charm and a range of cultural and recreational opportunities usually found in much larger cities.

## You Can Make a Difference!

### *Clinical Research Nurse*

As a Clinical Research Nurse in the Department of Surgery, you will have the opportunity to work in a clinical research office in collaboration with physicians and other nurses.

The work of a clinical research nurse extends beyond the care of a patient. It provides hope for the well being of future patients they may never have the pleasure of meeting.

Qualified applicants will be self-directed and will demonstrate a high degree of clinical competence. BSN and RN licensure required.

### *Clinical Nurse Specialist (Database Manager)*

As a Clinical Nurse Specialist/database manager, you will be responsible for maintaining surgery data used to manage clinical practices, outcomes, and research. This also includes the collection and distribution of critical and confidential patient information. Along with physicians, hospital administration, nursing peers, and other health professionals, you will use this crucial information to improve the health environment.

We offer a competitive salary and fringe benefit package. Apply today and be part of a medical team who continues to be recognized for its great and enduring successes. We offer flexible hours in a positive, collaborative work setting with limited night and holiday coverage required. Our benefits package includes competitive pay, 22 days of vacation, 22 days sick leave, and 13.5 paid holidays per year. Immediate enrollment in health insurance with low premiums is available for you and your family and an outstanding retirement plan is offered.

Qualified and interested candidates please send/email cover letter and resume to:
