Strategic Directions in Laryngeal Tissue Regeneration

13th Biennial Phonosurgery Symposium

in conjunction with the

Voice Science and Clinical Applications
- Laryngology and speech pathology workshops
- Interactive case presentations

Phonosurgery • The Disturbed Mucosa
The Aging Larynx
Creative Strategies to Be Less Invasive

Sponsored By
University of Wisconsin School of Medicine and Public Health
University of Wisconsin Department of Surgery
Division of Otolaryngology - Head & Neck Surgery
Office of Continuing Professional Development in Medicine and Public Health
Course Highlights
The Strategic Directions in Laryngeal Tissue Regeneration is a one-day, state-of-the-art science course that will consist of presentations and discussions pertaining to epithelium, lamina propria, muscle and nerve, and trachea regeneration. This conference will be held in conjunction with the 13th Biennial Phonosurgery Symposium.

The 13th Biennial Phonosurgery Symposium is the only educational event in the region designed for otolaryngologists, speech-language pathologists and voice scientists. This course will provide a pertinent update on modern clinical care and scientific research — basic and applied — of the larynx and voice. Teaching formats include podium lectures, “Click and Vote” audience participation, the ever-popular “hands-on” workshops, and live evaluations and procedures.

These courses will take place over a three-day period at the Fluno Center for Executive Education in Madison, Wisconsin, and at the University of Wisconsin Hospital and Clinics.

Who Should Attend
This symposium is designed to assist practicing voice care professionals — otolaryngologists, speech-language pathologists, voice teachers, voice professionals and scientists — in incorporating modern diagnostic and therapeutic strategies for voice care. The close interaction with faculty is encouraged throughout all facets of the program to optimize learning.

Elements of Competence
This CME activity has been designed to change learner competence and focuses on the American Board of Medical Specialties areas of patient care and procedural skills, and medical knowledge.

PLEASE NOTE: Educational credits are available for the Phonosurgery Symposium events on July 11-12. Credits are not available for the Strategic Directions in Laryngeal Tissue Regeneration event on July 10.
Thursday July 10, 2014

Strategic Directions in Laryngeal Tissue Regeneration

AM

6:45 Registration & Breakfast

7:55 Welcome – Susan Thibeault, PhD, CCC-SLP and Nathan Welham, PhD, CCC-SLP

Keynote Address

8:00 Treatment of Vocal Fold Scarring with Autologous Human Mesenchymal Stem Cells: A Report from an Ongoing Pilot Study – Stellan Hertegård, MD

Epithelium Regeneration

9:00 The Role for Epithelium in VF Tissue Engineering – Jennifer Long, MD, PhD

9:20 In Vitro Epithelial Differentiation of Human-Induced Pluripotent Stem Cells (hiPS) for Vocal Fold Tissue Engineering – Mitsuyoshi Imaizumi, MD

9:40 Applications of a Stem Cell-Derived Three-Dimensional Model of Vocal Fold Mucosa – Ciara Leydon, PhD, CCC-SLP

10:00 Refreshment Break & Exhibits

Lamina Propria Regeneration

10:20 Bioactive Materials for Transitioning Cell Phenotypes Within Chronic Scar – Mariah Hahn, PhD

10:40 Tissue Engineering Approach to Regeneration of the Larynx with Growth Factors – Shigeru Hirano, MD, PhD

11:00 Biomimetic Strategies for Vocal Fold Repair and Regeneration – Xinqiao Jia, PhD

11:20 Gene Silencing Therapy for Vocal Fold Scarring – Yo Kishimoto, MD

11:40 An Acellular Scaffold for Regeneration of the Vocal Fold Lamina Propria – Ted Mau, MD/Chet Xu, PhD

PM

12:00 Establishing Principles of Macromolecular Crowding for In Vitro Fibrosis Research – Markus Gugatschka, MD, DMSci

12:20 Lunch & Exhibits

Muscle & Nerve Regeneration

1:10 Regenerative Approaches to Laryngeal Nerve Injury – Jonathan Cheetham, Vet MB, DACVS, PhD

Keynote Speaker

Stellan Hertegård is a Professor of Laryngology in the Department of Ear, Nose and Throat Diseases and the Department of Logopedics and Phoniatrics at Karolinska University in Stockholm, Sweden. Dr. Hertegård has an active and world-renowned research program in the area of vocal fold tissue regeneration and is the author of numerous articles and chapters on this topic. Most recently he has studied the effects of mesenchymal stem cells on healing of the vocal folds after scar excision.
1:30  Modulation of MyoD-Positive Muscle Satellite Cells and Myocytes in Rat Thyroarytenoid Muscle Following Recurrent Laryngeal Nerve Regeneration – Yoshihiko Kumai, MD
1:50  Vocal Fold Augmentation with Injectable Cartilage – Byung-Joo Lee, MD, PhD
2:10  Mucosal Olfactory Ensheathing Cells, Cultivated in Deprivative Conditions, Increase Laryngeal Functional Reinnervation after Section/Anastomosis of the Vagus Nerve in Rats – Jean-Paul Marie, MD
2:30  Refreshment Break & Exhibits

Trachea Regeneration

3:00  Laryngeal Replacement: Chasing the Dream – Jonathan Fishman, MD, PhD
3:20  In Vivo Characterization of Immunophenotype in Tracheal Wound Healing – Alexander Hillel, MD
3:40  Development of Patch Type Scaffold for the Reconstruction of Partial Trachea Defect – Han Su Kim, MD, PhD
4:00  Regenerative Medicine of the Cricoid and Trachea – Koichi Omori, MD, PhD
4:20  Strategic Directions in Laryngeal Tissue Regeneration – Susan Thibeault, PhD, CCC-SLP and Nathan Welham, PhD, CCC-SLP
4:40  Closing

Friday July 11, 2014
13th Biennial Phonosurgery Symposium

AM
6:00  Registration & Breakfast (Breakfast will be served at 6:30 am)
7:25  Welcome – Timothy McCulloch, MD, FACS

The Disturbed Mucosa Session

Moderator: Charles Ford, MD, FACS
7:30  Esophagus & Pharynx: pH/Impedance – Deepak Gopal, MD
7:45  Biopsies, Spit in a Cup: The Future of Reflux Testing – Nikki Johnston, PhD
8:00  Chronic Laryngitis – Joel Blumin, MD, FACS
8:15  Cooling the Hot Larynx – Nathan Welham, PhD, CCC-SLP
8:30  Bugs & Barriers – Susan Thibeault, PhD, CCC-SLP
8:45  Click & Vote: Chronic Laryngitis Panel
9:15  Refreshment Break & Exhibits

The Aging Larynx Session

Moderator: Seth Dailey, MD
9:45  Negotiating the Challenges of Aging: Tales of the Resilient and the Vulnerable – Carol Ryff, PhD
10:05  Voice Building – Joseph Stemple, PhD, CCC-SLP
10:20  Minimally Invasive Vocal Fold Augmentation: How & What – Stellan Hertegård, MD
10:40  Shaking It Up: Vocal Tremor Therapy that Works – Julie Barkmeier-Kraemer, PhD, CCC-SLP
10:55  Closing the Gap – Andrew Blitzer, MD, DDS, FACS
11:10  Click & Vote: Case Presentations
11:40  Lunch & Exhibits

Creative Strategies to Be Less Invasive Session
Moderator – Diane Bless, PhD, CCC-SLP

PM
12:40  The Office Laser – Milan Amin, MD
12:55  Upper Airway Thermoregulation & Functional Implications – Mary Sandage, PhD, CCC-SLP
1:10   Office Steroids: The End of Microlaryngoscopy? – Seth Dailey, MD
1:25   Research in Ambulatory Monitoring – Robert Hillman, PhD, CCC-SLP
1:40   Office Evaluation of the Noisy Airway – Sunil Verma, MD
1:55   Stopping the Spasm: PVFM – Thomas Murry, PhD
2:10   Click & Vote: Case Presentations
2:40   Refreshment Break & Exhibits

Phonosurgery Session
Moderator – Timothy McCulloch, MD, FACS
3:30   Safe & Effective Microlaryngoscopy – Glendon Gardner, MD
3:45   Voice Rest: Science & Practice – Bernard Rousseau, PhD, CCC-SLP
4:00   Best Practice Arytenoid Adduction – Gayle Woodson, MD
4:15   Voice Therapy for Peri Surgery – Sarah Schneider, MS, CCC-SLP
4:30   Cutting Edge Reinke’s Space Approaches – Henry Hoffman, MD
4:45   Professional Voice in a Nutshell – Adam Rubin, MD
5:00   Click & Vote: Case Presentations
5:30   Adjourn
6:30   Dinner at Steenbock’s on Orchard (Please see registration)

Saturday July 12, 2014
13th Biennial Phonosurgery Symposium

AM
6:00  Registration & Breakfast
7:15  Bus Pickup to UW Hospital & Clinics
8:00  Workshops at UW Hospital & Clinics (Box lunches will be provided)

PM
2:00  Bus Pickup to Fluno Center
2:15  Refreshment Break & Exhibits
2:45  A Primer on Multidisciplinary Chronic Cough Assessment – Carol Tolejano, MA, CCC-SLP
3:00  Laryngeal EMG – Barend Lotz, MD
3:15  Vocal Fold Paresis – Lucian Sulica, MD
3:30  Nerve-Muscle Pedicle Flap Implantation Combined with Arytenoid Adduction Aiming to Recover Normal Voice – Eiji Yumoto, MD
4:00  Live Case Evaluations
5:00  Closing
Workshops

Participants to the 13th Biennial Phonosurgery Symposium will have the chance to participate in a number of hands-on workshops on Saturday, July 12. Each workshop will be offered multiple times, and each participant can attend up to six different workshops. Online workshop registration is open until July 1.

**Learning Objectives**

**Strategic Directions in Laryngeal Tissue Regeneration (July 10)**

**Learning Objectives:**

At the conclusion of this educational activity, participants should be able to …

- recognize the tissue and functional deficits that define clinical need in our populations of interest.
- describe current strategies for regeneration of cartilage, muscle-nerve, extracellular matrix and epithelium in the larynx and trachea.
- explain scientific and regulatory challenges associated with translation of clinically promising therapies.
- identify areas of greatest need in terms of model development, assay and outcome measures development, cell/tissue availability, scaffold suitability, etc.

**13th Biennial Phonosurgery Symposium (July 11 and 12)**

**Learning Objectives:**

At the conclusion of this educational activity, participants should be able to …

- identify sources of new technologies for laryngology.
- define vocal influences of laryngeal inflammation.
- assess timing of treatment.
- recognize the role of surgery for the treatment of hoarseness.
- select appropriate treatment options — therapy versus surgery for neurological impairments of the voice.
- compare approaches for surgical treatment of complex neurological voice disorders.
- review application of angiolytic laser therapy for voice disorders.

---

**Things to Do in Madison**

**Art Fair on the Square** — The 56th Annual Art Fair on the Square will be held July 12-13 around the Capitol Square, welcoming nearly 500 artists from around the country. Each year, 200,000 visitors attend the outdoor event to take in art, music and food. [www.mmoca.org/art-fair](http://www.mmoca.org/art-fair)

**Capitol Tour** — Tour the Wisconsin Capitol on your own or with a group. [www.tours.wisconsin.gov](http://www.tours.wisconsin.gov)

**Art Museums** — Both the Madison Museum of Contemporary Art and the Chazen Museum of Art are within walking distance of the conference hotels. The Wisconsin Historical Museum and the Wisconsin Veterans Museum are both located on the Capitol Square. [www.mmoca.org](http://www.mmoca.org), [www.chazen.wisc.edu](http://www.chazen.wisc.edu), [historicalmuseum.wisconsinhistory.org](http://historicalmuseum.wisconsinhistory.org), [www.wisvetsmuseum.com](http://www.wisvetsmuseum.com)

**Around Campus** — The University of Wisconsin–Madison campus is beautiful in the summer. It’s home to dozens of attractions, including the Geology Museum, Washburn Observatory, Allen Centennial Gardens, D.C. Smith Greenhouse, Babcock Hall Dairy Store and Wisconsin Institutes for Discovery. A visit to campus would be incomplete without a stop at the Memorial Union Terrace on Lake Mendota, a gathering place where campus and community meet to enjoy the outdoors, music, ice cream and beverages. [www.wisc.edu](http://www.wisc.edu)
Accreditation Statement
The University of Wisconsin School of Medicine and Public Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement
The University of Wisconsin School of Medicine and Public Health designates this live activity for a maximum of 14 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Education Units
The University of Wisconsin-Madison, as a member of the University Continuing Education Association (UCEA), authorizes this program for 1.4 continuing education units (CEUs). The course is offered for 14 hours of contact time.

Conference Completion Report
You will be mailed a conference completion letter four to six weeks after the conference. To ensure this process, please complete and submit the attendance verification form provided to you to Nichole Rauch, rauch@surgery.wisc.edu, at the conclusion of the symposium.

Policy on Faculty and Sponsor Disclosure
It is the policy of the University of Wisconsin School of Medicine and Public Health that the faculty, authors, planners and other persons who may influence content of this CME activity disclose all relevant financial relationships with commercial interests in order to allow CME staff to identify and resolve any potential conflicts of interest. Faculty must also disclose any planned discussion of unlabeled/unapproved uses of drugs or devices during their presentation(s). Detailed disclosures will be made in the activity handout materials.
General Information

When: July 10-12, 2014
Where: Fluno Center for Executive Education
601 University Avenue
Madison, Wisconsin 53715
Phone: (877) 77-FLUNO/35866 or (608) 441-7117

Conference Fees
The conference fees are as follows:

- **Strategic Directions in Laryngeal Tissue Regeneration:** $150 for all attendees
- **Phonosurgery Symposium:** $495 for physicians, $325 for others
- **All days:** $600 for physicians, $400 for others, $150 for students

Fees include the cost of tuition, materials, continental breakfasts, breaks, lunches and a nonrefundable registration fee of $50. If you cancel your registration up to 72 hours prior to the conference, you will be refunded the entire conference fee except the $50 nonrefundable portion of the fee. No refunds will be granted within 72 hours of the conference. In addition, at the conclusion of Friday's activities, there will be an optional gathering with a reception and dinner at Steenbock’s on Orchard in the Wisconsin Institutes for Discovery. Cost is $100.

Housing
A block of sleeping rooms has been reserved at the conference site, the Fluno Center ($149 per night), in addition to rooms at the DoubleTree ($129 per night) and Campus Inn ($140 per night). Please write, call or visit the hotel website to arrange your accommodations. Please reference group code PSS when making your reservation at the DoubleTree or Campus Inn and PHON at the Fluno Center to receive the special room rate, plus tax. The Fluno Center will release rooms to the general public on May 25, 2014. The DoubleTree will release rooms on June 9, 2014. The Campus Inn will release rooms on June 8, 2014.

Four Easy Ways to Register
- Mail: Return your completed registration form and payment to address listed on the registration form. (Sign up for workshops at the conference.)
- Phone: (608) 262-1397. Call and provide your billing information or pay by VISA, Master Card or American Express. (Sign up for workshops at the conference.)
- Fax: (800) 741-7416 (in Madison 265-3163) (Sign up for workshops at the conference.)
- Online: www.ocpd.wisc.edu/course_catalog (Sign up for workshops online.)

Confirmations
Registrations are confirmed via email. If you do not receive confirmation, call (608) 262-1397.

Conference Attire
Dress is business casual during the conference and Friday dinner. To ensure comfort in the conference room, please bring a sweater or jacket to accommodate temperature variations.

Strategic Directions in Laryngeal Tissue Regeneration, July 10 & 13th Biennial Phonosurgery Symposium, July 11-12

Please complete Steps 1-3 in BLOCK letters.

Step 1. Participant Information:
Name ________________________________________________________________________
FIRST MI LAST
Professional Degree (for name tag):
☐ MD  ☐ DO  ☐ PhD  ☐ SLP  ☐ Other, please specify _____________________
Company Name_______________________________________________________________
Work Address _________________________________________________________________
City, State, Zip __________________________________________________________________
Daytime Phone _______________________________________________________________
Daytime Fax _____________________________________________________________________
Email Address _________________________________________________________________
(please print clearly)
Special Needs?_________________________________________________________________
☐ Vegetarian Meals

Step 2. Registration Fees (check one):
Strategic Directions in Laryngeal Tissue Regeneration, July 10: ☐ $150 All Attendees
Phonosurgery Symposium & Workshops, July 11-12: ☐ $495 MD, DO  ☐ $325 Others
All 3 Days, July 10-12: ☐ $600 MD, DO  ☐ $400 Others  ☐ $150 Students
Optional: ☐ $100 Attendee Dinner on Friday Evening (seating is limited)
Choose one: ☐ Goat Cheese and Herb Stuffed Breast of Chicken
☐ Red Wine-Braised Short Ribs  ☐ Wild Mushroom Risotto (vegetarian and gluten free)
☐ PO or check enclosed (payable to University of Wisconsin.)
☐ Credit Card: ☐ Master Card  ☐ VISA  ☐ American Express
(We are not able to accept credit card payments at the event.)
Cardholder's Name ____________________________________________________________
Card Number _________________________________________________________________
Expiration Date __________________________________________________________________

Step 3. Send Your Registration Form To:
CME Specialist, Department 101, 702 Langdon Street, Madison, WI 53706
or FAX (800) 741-7416 (in Madison FAX 265-3163)

The University of Wisconsin provides equal opportunities in employment and programming, including Title IX requirement.
The University of Wisconsin School of Medicine and Public Health fully complies with the legal requirements of the ADA and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please notify Nichole Rauch at (608) 263-0121 in order to receive service.
