Midwestern Vascular Surgical Society

The Advanced Thoracic Endovascular Aortic Repair (TEVAR) Course

December 2-3, 2010
Madison, Wisconsin

January 13-14, 2011
Cleveland, Ohio

March 3-4, 2011
Madison, Wisconsin

Please visit www.vascularweb.org/mvss for the full scientific Program and additional Information.
Advanced Thoracic Endovascular Aortic Repair Course

The Midwestern Vascular Society is offering this educational course which will include a combination of didactic presentations and live cases.

Please refer to the General Information/Registration section of this brochure to register for the meeting and for Hotel Accommodation information.

Programs for each course are available on the Society’s website at www.vascularweb.org/mvss or by contacting the Society’s Administrative Offices.

Purpose and Content

The course is designed to help improve compliance with best practices to reduce mortality, vascular complications, and neurologic complications.

Learning Objectives:

• Compare therapeutic options for treating thoracic aortic pathology.
• Describe techniques for TEVAR, including team building, facility support, vascular access, deployment systems, device innovations, neuroprotection, complication diagnosis, etc.
• Review SVS practice guidelines for LSA revascularization.

Educational Methods

Objectives will be achieved with multiple educational techniques, including published syllabus with 18 papers and references, didactic lectures correlating to each topic, live case broadcast, panel response to Q&A from audience, and case study of complications.

Accreditation Statement

The Society has applied for AMAPRA Category 1 Credits™. Additional information will be available soon.

Acknowledgements

The Midwestern Vascular Surgical Society gratefully acknowledges the grant support from Cook Medical, Inc., Medtronic, Inc. and W. L. Gore & Associates, Inc. for the Advance TEVAR Course.
